**UNIVERSITY RESEARCH COUNCIL (URC)**

**RE: Student Consent on Student Initiated Research Conducted in the University**

Please be informed that the MIS upon the behest of the University Registrar has sought the students' consent to participate in research work initiated by students. As conceived, the data allowed for research by the students who consented will be used under the competent supervision of their teacher / adviser, and in observance of the expected ethical standards. It shall be understood further that the consent given by the students in the SIS may be withdrawn by them at anytime.

In this regard, the University Research Council reiterates that the given consent does not take the place of the Informed Consent secured by the Researcher from the prospective Respondent upon presentation of the Research Instrument.

For the information and guidance of all.
